Cabarrus Partnership for Children
Activity Proposal Analysis FY17-19

Activity		Alignment with Partnership Priorities	Need in the Community Logic Model (LM)	Target Population (LM)	Program Elements/ Outputs/ Outcomes (LM)	PBIS Mandatory or Selected Indicator Impact (LM)	Supportive Evidence	Applicant Expertise Capacity	Fiscal Capacity and Sustainability (including program match)	Collaboration	Evaluation Plan	TOTAL	Ranking
		4=very strong alignment with multiple priorities, 3= strong alignment with at least one priority, 2=moderately aligned, 1=fair alignment, 0=poor/no alignment	4=very strong, documented, multiple specific needs, 3= strong, documented, specific need 2=moderately established need 1=fair establishment of need, 0=poor justification of need	Point for each: Clearly defined? Appropriate? Locations? Targeted highest need?	Point for each: Clearly defined? Appropriate? Strong Reliable and Valid Measures? Strong Procedures?	High Impact on Mandatory or Selected=4; Moderate impact on Mandatory or Selected=3, Impact on other PBIS indicators not selected=2, Minimal impact=1, No impact=0	Evidenced Based Well Established - 4, Evidenced Based Established - 3, Evidence Informed Emerging = 2, Evidence Informed Promising = 1, No Evidence-0	(1 point for strong past performance - new programs cannot not receive this point), plus 3=very strong capacity 2=good, 1=fair, 0=poor	(1 point for strong past performance - new programs cannot not receive this point), plus 3=very strong capacity 2=good, 1=fair, 0=poor	Point for each: Past local agency collaboration demonstrated? 3 strong letters of support? Strong future collaboration described? Program demonstrates ability to increase access of services through collaboration?	Point for each: - Identified data to be collected that measure outcomes. - A system for data collection that clearly identifies individuals involved in the data collection and organization. - A system to collect feedback on services from the target population. - A system for using the collected to inform and improve practices
